□ Reconciliations – Considerations (Excel)

□ Single Excel File Vs Multiple Files

■ Single Excel File

■ Advantages

- Only One User Can Access
- Requires User to Change the Date Only Once
- Formatting is Easier

■ Disadvantages

- Only One User Can Access
- File Size Can Be An Issue
- Harder To Provide Single Reconciliation to Others

- Reconciliations – Considerations (Excel)
 - Single Excel File Vs Multiple Files
 - Multiple Excel Files
 - Advantages
 - Easier To Assign Reconciliations to Others
 - Easier to Provide Single Reconciliation to External Users
 - Size Issues
 - Disadvantages
 - Formatting and Date Issues

2014 Best Accounting Practices

6

□ Reconciliation Considerations (Format)

- Remove Cumulative History If No Longer Necessary
- Make Any Known Adjustments And Reflect On Reconciliation
- Consider Adding A Box For Preparer/Reviewer Initials
- Provide Copies Of Support Behind Reconciliation
- User Footer with Location, Date, Time
- “True” Reconciliation, Not “Balance Forward Prior Month”

□ Recurring Entries

- Many Accounting Systems Allow Recurring Entries (Fixed/Non-Fixed)
- We Use An Excel Spreadsheet as Well
- Aides in Organization (Example: Billing Entry is Same JE#)
- Use As A Checklist to Ensure Entries Are Posted
- You Must Review The Fixed Recurring Entries Monthly For Changes
